

Important Notice

BATH WATER DISTRICT Water Main Flushing Schedule

Regular flushing is a critical function in maintaining good hydraulics and water quality in the distribution system. Flushing is scheduled during the day, Monday through Friday from **7:30 am and 3:00 pm**. Some customers may experience discolored water. Running the water for a few minutes until it clears will correct this. Doing laundry during flushing hours is not recommended as it may stain clothing.

If you have questions or concerns about flushing procedures, please call our office at 443-2391 between the hours mentioned above.

Spring Flushing will take place between May 2nd and May 13th

THANK YOU FOR YOUR PATIENCE
