

APPLICATION FOR NEW SERVICE

*Please note: this application is to be used when a brand-new building is being built or renovation of an existing building **and the owner/developer is installing a new water line/service. This form should not be used if an existing water line service is in place.***

Applicants Responsibilities:

1. Cost of installing or repairing the service line from the water main to the building, plumbing, including excavation, and any permits required (i.e.: Road opening etc.), tapping main;
2. New Service installations are the responsibility of the owner/developer. If the new service line is going to be installed in a new or existing easement, a **copy** of the registered easement needs to be provided to the District before installation can begin. The District requires that all new services be inspected by a licensed distribution technician. The inspection will include the connection to the main prior to backfilling; the service entrance and valve arrangement; the backflow device location and installation.
An inspection fee of \$150.00 will be assessed as part of the new service agreement.
3. Cost of backflow devices and installation, if needed;
4. Repair of any leaking valves by the meter;
5. Repair/replace any frozen or broken meters;
6. To read and comply with the Bath Water District's terms and conditions; and
7. To complete and sign application for new service.

PLEASE TURN OVER

The undersigned party(ies) hereby contract(s) to take and use metered water service, under the Policies and Procedures, and Terms and Conditions, of the Bath Water District now in force or which may hereafter be ordered or approved by the Maine Public Utilities Commission (PUC). The undersigned further agrees to be fully responsible for all payments approved by the Maine PUC. Payments for such service shall be paid by the undersigned until service is terminated by the applicant or by the District.

The signer(s) agrees that all the information provided on this document is accurate and truthful. Failure to provide accurate information or the intentional falsification of information may result in denial of water service and/or referral to the appropriate law enforcement agency.
